### Facility

The Elks pool is a five lane, 25 meter pool\* with starting blocks. The end of the pool with starting blocks is a standard 12-foot diving well. The opposite end of the pool grades to a minimum depth of 4 feet. Our facility has a large deck, dressing rooms, a large pavilion with picnic tables, and an outdoor snack bar with grilled burgers, hot dogs, and other food items available during swim meets.

\*The pool is 2% longer than a true 25-meter pool. Any times set at this pool should be divided by 1.02 to get a true meter time. This calculation should be used to adjust times to qualifying standards for the league championships.
