Facility:

The Dorchester County Pool is one of the largest pools in the Mid-Atlantic Region. The pool is 15,000 square feet and holds 480,000 gallons of water. The competitive swimming area consists of six lanes and is 25 meters long. We utilize wave eater racing lane lines. This area is only approximately 20 percent of the entire swimming area. Adjacent to the pool is a large snack bar that is equipped to sell hamburgers, hot dogs, french fries, fruit, Pepsi products, and bottled water. The facility has a separate bathhouse with boys and girls locker rooms equipped with showers and restrooms. Bleachers are available to view the swim competition, however folding chairs are also welcome. As a reminder: this is a county run facility which means smoking, alcohol, and drugs are not permitted on the premises. Depth of shallow end is 3 ft. and the depth of the diving end is 5 ft. The pool closes at 4:45 for our meets. Then only the competitive section of the pool is open. Anyone wishing to enjoy the rest of the pool is welcome to come early. The cost is \$2 for 8 and under and \$3 for 9 and older.

Directions:

Travel toward Cambridge on Route 50.

From north/west: Turn right at second light after Choptank River Bridge onto Cedar Street (Meredith Real Estate on corner).

From south/east: Turn left at third light after the Hyatt/Walmart intersection onto Cedar Street.

Dorchester County Pool is two blocks on left, just after Super Soda Convenience Store. There is plenty of parking.

Team History:

The "Dorchester Shorefins" formed in 1996. The team hopes to promote competitive swimming while exhibiting good sportsmanship, friendship, and community spirit.
