Facility:

Our facility is a 25 meter, five lane outdoor chlorine pool with non-turbulent lane lines and starting blocks. Pool is 3' at shallow end and 9' at deep end. The team uses a wireless Dolphin timing system and digital scoreboard. We have rest rooms, shower and changing facilities with certified life guards on duty. There is a concession stand available during all meets.

About the Club:

Located at the Miles River Yacht Club, in charming & historic St. Michaels, MD, our club is a family oriented group of swimmers who enjoy both the sport and the camaraderie of competitive swimming. We offer high quality, professional coaching and technique instruction for children ages 5 to 18 years. The goal of our team is to provide every member an opportunity to improve swimming skills and achieve success at his or her level of ability, from novice to experienced competitor. At MRYC, team members also are encouraged to support each other, build friendships and develop the discipline required through daily practice and dedication.
